Interest Red Hot and New Mem-  
bers Being En-  
rolled.

### WORKING FOR GOOD ROADS.

With a red hot mutual interest and the membership list climbing skyward the light of the Cloverport commercial club is beaming out like the star-bright inhabitants of Mars in its far-off arial domain.

The club was not organized to die and sleep in an unmarked grave but was welled together for the good of Cloverport, Breckenridge county, the State of Kentucky and our U. S. A. The meeting Tuesday night was full of business. There was a good attendance and important steps taken.

The constitution and by-laws, part of them, were read and passed.

Copy for a folder to advertise the town was submitted and acted upon. The folders will be issued shortly and distributed among the business men to be enclosed in their correspondence.

Messrs. Chas. Bohler and J. A. Barry were appointed to get specimens of clay that lie about town and send them to a Covington pottery which desires to locate here.

Mr. Jno. D. Babbage was appointed to see Mr. R. E. Hughes, secretary of the Louisville Commercial Club, and arrange with Mr. Hughes for a member and speaker of that club to come to town and address the Cloverport Commercial Club and all citizens of the town. Mr. Babbage was asked to have the speaker to come at an early date.

Good roads came in for a lively discussion and the club is determined to have a capable man as road supervisor of this district.

The following new members were received: C. B. Skillman, C. W. Moorman, D. H. Severs, David B. Phelps.

The total membership to date is 62. The club meets every Tuesday in the Bank of Cloverport and every man in town is requested and invited to be present at all of these meetings. The welfare of Cloverport is at stake in these meetings and every man should have a say. So come, come, come!

### CLASS LEADERSHIP HELD BY THREE CAINS.

Bewleyville, Ky., March 13—Rev. R. H. Roe has appointed Roy J. Cain class leader of the Bewleyville charge. This office has been held first by his grand father, then by Roy's father, for nearly sixty years.

### A Valuable Agent.

The glycerine employed in Dr. Pierce's medicines greatly enhances the medicinal properties which it extracts and holds in solution much better than alcohol would. It also possesses medicinal properties of its own, being a valuable demulcent, nutritive, antiseptic and antiferment. It adds greatly to the efficacy of the Black Cherrybark, Golden Seal, Stone root and Queen's root, contained in "Golden Medical Discovery" in subduing chronic, or lingering coughs, bronchial, throat and lung affections, for all of which these agents are recommended by standard medical authorities. In all cases where there is a wasting away of flesh, loss of appetite, with weak stomach, as in the early stages of consumption, there can be no doubt that glycerine acts as a valuable nutritive and aids the Golden Seal root, Stone root, Queen's root and Black Cherrybark in promoting digestion and building up the flesh and strength, controlling the cough and bringing about a healthy condition of the whole system. Of course, it must not be expected to work miracles. It will not cure consumption except in its earlier stages. It will cure very severe, obstinate, chronic coughs, bronchial and laryngeal troubles, and chronic sore throat with hoarseness. In acute coughs it is not so effective. It is in the lingering coughs, or those of long standing, even when accompanied by bleeding from lungs, that it has performed its most marvelous cures. Send for and read the little book of extracts, treating of the properties and uses of the several medicinal roots that enter into Dr. Pierce's Golden Medical Discovery and learn why this medicine has such a wide range of application in the cure of diseases. It is sent free. Address Dr. R. V. Pierce, Buffalo, N. Y. The "Discovery" contains no alcohol or harmful, habit-forming drug. Ingredients all printed on each bottle wrapper in plain English.

Sick people, especially those suffering from diseases of long standing, are invited to consult Dr. Pierce by letter, free. All correspondence is held as strictly private and sacredly confidential. Address Dr. R. V. Pierce, Buffalo, N. Y. Dr. Pierce's Medical Adviser is sent free on receipt of stamps to pay expense of mailing only. Send 21 one-cent stamps paper-covered, or 31 stamps for cloth-covered.

## ALLEGED BOOT- LEGGER ARRESTED.

On Wednesday of last week, Deputy U. S. Marshal Loyal Bennett, of Owensboro, arrested at this place Lawrence A. Whitworth, of Garfield, on an indictment sworn out by the U. S. February grand jury at Louisville. The indictment was made out on a charge of selling whiskey without license. Whitworth was taken to Owensboro Wednesday night and lodged in jail to await his trial, March 13. He was working at Morton's saw-mill in the East End, and had been for several days, at the time of his arrest. Bennett had been in search of him a month.

Whitworth said to the News that he had no fears of being convicted because he said, he had never sold a drop of whiskey in his life. The arrest apparently was not worrying him. The indictment on which Whitworth was arrested calls for Geo. Neff also and states that the offense was committed in Hardin county. Neff was arrested a month ago.

### NOT A PATENT MEDICINE.

**Hyomei a Scientific Treatment for Catarrh by Breathing Medicated Air.**

Ever since Hyomei has been known, its formula has been given to physicians, druggists, and, in fact, to all intelligent people who could appreciate the true merit to the combination of healing gums, oils, and balsams, of which it is composed.

Many leading physicians endorse Hyomei and prescribe it for catarrhal troubles. In fact, quite a few of them use it themselves to break up a cold and prevent pneumonia. They regard it as a natural, yet scientific way of curing catarrh.

Breathed through the pocket inhaler that comes with every outfit, Hyomei destroys all catarrhal germs in the air-passages to the throat and nose, soothes and heals the irritated mucous membrane and effectually drives from the system all traces of catarrhal poison.

No one should confound Hyomei with the patent medicines that are advertised as catarrh cures. It is as superior to them all as the diamond is more valuable than cheap glass.

The complete Hyomei outfit, consisting of a neat pocket inhaler, a medicine dropper, and a bottle of Hyomei costs but \$1, and extra bottles can be obtained for 50 cents, making it the most economical method of curing catarrh, as well as the most reliable.

Short & Haynes have sold a great many Hyomei outfits and have seen such remarkable results from its use, that they sell it under an absolute guarantee that it costs nothing unless it cures.

### From Mr. Ball of Missouri.

Bragadieu, Mo., March 2—J. D. Babbage, Cloverport, Ky., Dear Sir:—I have many friends and relatives in Kentucky whom I suppose want to hear from me so I write you. I am in south-east Missouri, near Arkansas line. This is a fine country for farming. Corn, wheat, cotton and alfalfa are principal products. We have a lot of bullfrogs, also. The richest soil in the world is here. Lots of rain this winter but little snow. The weather has been warm enough for shirt sleeves performance for last two weeks. Lots of water here now but with our fine drainage system it will soon run off, if rain ever stops pouring down. Farmers have done nothing towards spring crops but they can plant in June and then make good crops. The people here are all Kentuckians, the country being settled with families from Kentucky and Tennessee. I love the people and rocks of old Kentucky but care not to come back yet, but I hope to meet you all again some day.

Wishing you a prosperous year, I am yours respectfully,

J. C. Ball.

### Young Boy Shoots Himself.

Hardinsburg, Ky., March 13—The eight year old son of C. P. Fenn shot himself in the foot with a .22 rifle on Tuesday morning of last week. The wound is about well now.

The soothing spray of Ely's Liquid Cream Balm, used in an atomizer, is an unspeakable relief to sufferers from Catarrh. Some of them describe it as a Godsend, and no wonder. The thick foal discharge is dislodged and the patient breathes freely, perhaps for the first time in weeks. Liquid Cream Balm contains all the healing, purifying elements of the solid form, and it never fails to cure. Sold by all druggists for 75c, including spraying tube, or mailed by Ely Bros., 56 Warren Street, New York.

### SELF-CLEANING NEST.

Indicated in the cut. The box will rest firmly against the wall and can be provided with nesting material. When this is soiled and broken, the box can be raised to the position shown in the cut, when all the material in the nests will fall to the floor, leaving the box clean.—New England Homestead.

## MUCH SENTIMENT FOR WAREHOUSE.

The sentiment seems to be general in the counties composing the Green River District Tobacco Growers' association in favor of establishing a warehouse for the purpose of handling the pooled tobacco. It is thought that in the event it is decided to organize a warehouse company that the headquarters will be established in Owensboro and the warehouse erected here. Prominent members of the American Society of Equity have received assurances that in the event stock in the warehouse company is put on the market every share will be taken up. There seems to be little doubt that the tobacco growers would realize a great deal more out of their crops if they handled them through a warehouse controlled by the A. S. of E. The warehouse plan is favored by the national officers of the A. S. of E., and it is understood that they have never been in favor of the tobacco being handled by companies outside of the district.

### Loves Kentucky.

Enchid, Pa., March 12, Mr. J. D. Babbage, Editor News, Cloverport, Ky., Dear Sir:—A sample copy of the News reached me safely on Saturday March, 3 and was read with much delight. I must have the News. It takes me back to my old Kentucky home, a home where if one was raised and lived for many years after leaving cannot help in their solitary moment but sing one song and drop to tears for the old Kentucky home, for the old Kentucky home far away.

Mr. Tinker reminds me frequently in a joke that I should be very grateful to him for removing me from a land of moonshine whisky, homespun tobacco, corn bread, buzzards and Democrats. I remind him just as often in the same joking way that Kentucky corn bread is white instead of yellow.

I have taken particular notice that Pennsylvania men are extremely fond of Kentucky apple jack and homespun tobacco. That Kentucky Democrats can take care of themselves, and that I do not fail to find buzzards where ever I go.

Now laying all jokes aside, I am in love with Pennsylvania and like the people just fine, but that does not lessen my love for old Kentucky. So enclosed please find \$1 to pay my subscription for one year, and for the Farm Journal till 1910, as advertised.

Respectfully,  
Laura L. Tinker.  
Formerly Laura Elder of Mooleyville.

Always Keeps Chamberlain's Cough Remedy in His House.

"We would not be without Chamberlain's Cough Remedy. It is kept on hand continually in our home," says W. W. Kearney, editor of the Independent, Lowry City, Mo. That is just what every family should do. When kept at hand ready for instant use, a cold may be checked at the outset and cured in much less time than after it has become settled in the system. This remedy is also without a peer for croup in children and will prevent the attack when given as soon as the child becomes hoarse, or even after the croupy cough appears, which can only be done when the remedy is kept at hand. For sale by Short & Haynes Cloverport.
